Actual appropriation in this budget unit for 2007-08 was \$8.1 million below modified budget. Significant variances from modified budget are:

- Salaries and benefits were \$8.0 million below modified budget. Continued attrition and continued inability to quickly fill positions, as they become vacant account for most of these savings. Funding uncertainties have also necessitated the use of more caution when addressing the need to fill vacancies in some classifications.
- The net of all other appropriation units was \$0.1 million below modified budget.

Actual departmental revenue for 2007-08 decreased as a result of the decrease in appropriation, yet was adequate to keep this budget unit within local cost target and realize Social Services Realignment fund savings of \$2.2 million.

2008-09 Requirements

This 2008-09 budget was prepared assuming that the state budget may result in funding reductions to social services programs. It is projected that many programs included in this budget unit may experience a decrease in funding. DCS and DAAS are expected to experience overall decreases to their respective allocations while TAD allocations could remain steady. Many legislative proponents of social services programs are currently working to maintain state funding at current levels but it is unknown what funding may be restored to these programs.

The state does not prepare allocations until after the state budget is approved; therefore, HS may not receive funding notifications until Fall of 2008.

HS strategy for 2008-09 is to hold staffing at current levels, increase appropriation as deemed necessary to support planned organizational changes and estimate revenues at a level required to support this strategy. Significant expenditures, whether for staff, services, supplies, equipment, or services to clients, have been curtailed until such time as the state budget process is complete and the effects on social services allocations are known. Any significant differences between this budget and actual allocations received from the state will be addressed in a mid-year budget adjustment, as needed.

Highlights of the changes between budget years are as follows:

STAFFING

Funding uncertainties result in an effort to keep overall budgeted staffing levels at the same numbers approved in the 2007-08 final budget. Several classifications were reduced, while others were augmented, to fit the needs of the departments' program requirements and/or reorganization.

	TAD	DCS	DAAS	Support	Total
2007-08 Final Budget	2,064.25	816.00	207.00	363.75	3,451.00
2008-09 Final Budget	2,059.30	807.00	201.50	374.60	3,442.40
Difference between 2007-08 Final Budget & 2008-09 Final Budget	-4.95	-9.00	-5.50	10.85	-8.60

At the 2008-09 Budget Hearing, the Board of Supervisor directed the removal of new positions included in departmental budgets receiving general fund financing for 2008-09. Based on this action, appropriation reflects a reduction of \$775,482 and 10.6 in budgeted staffing. Associated revenues and general fund financing were also decreased by \$775,482.

APPROPRIATION

Total appropriation increased \$1.6 million from the 2007-08 final budget. Appropriation changes between budget years are as follows:

- Salaries and benefits of \$231.4 million fund 3,442.4 budgeted positions and are decreasing by \$8.0 million. Cost adjustments include elimination of the Workers' Compensation - Exp Mod, a reduction in Workers' Compensation Insurance costs and a decrease in payroll reimbursements.
- Services and supplies and central computer of \$36.8 million include expenses for county services, computer hardware, software, equipment, office supplies, insurance, postage, mail services, professional services, communications, training, security and miscellaneous operating costs. The net decrease of \$1.1 million is primarily due to:
 - Increases of \$1.2 million in COWCAP, \$0.8 million in non-inventoriable equipment, \$0.8 million in computer software and \$0.3 million for data processing.
 - Decreases of \$0.4 million in property insurance, \$0.4 million in presort & packaging and \$0.3 million in other miscellaneous classifications.
 - Reclassification of \$1.8 million of travel to a new appropriation unit.
 - Reclassification of \$1.0 million in office supplies and \$1.3 million in County Counsel charges to transfers.
- Travel is a new appropriation unit for 2008-09. The amount budgeted of \$2.4 million reflects anticipated travel costs in the areas of private mileage, air travel, lodging, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses that were previously budgeted in the services and supplies appropriation unit.
- Other charges of \$53.4 million include expenses for IHSS Provider payments, public assistance to clients, transportation and employment assistance to employment services clients and miscellaneous program services provided to clients. An increase of \$6.3 million is primarily due to increases in IHSS Provider payments required by increased caseloads and increases in transportation and ancillary assistance provided to employment services clients.
- Transfers and operating transfers out of \$38.5 million include reimbursements to other county departments for services provided to HS clients. An increase of \$3.0 million is primarily due to the reclassification of \$1.0 million in office supplies and \$1.4 million in County Counsel charges from the services and supplies appropriation unit and an increase of \$0.9 million in lease payments, and savings of \$0.3 million for other inter-departmental transfers.

- Reimbursements of \$2.8 million include payments from other county departments to HS for administrative support services provided as requested. An increase of \$1.0 million reflects an increased demand for HS administrative assistance to non-welfare departments.

DEPARTMENTAL REVENUE

Funding from non-general fund sources increased \$2.9 million from the 2007-08 final budget. Revenue changes between budget years are as follows:

- Federal and state funding available for HS programs decreased \$2.8 million.
- A mix of miscellaneous revenue sources increased \$1.3 million
- The overall need for Social Services Realignment revenue increased \$4.4 million. The need for this increase is primarily a result of a \$3.3 million increase in IHSS Provider payments and the anticipated reduction in funding for other social service programs.

LOCAL COST

Most HS programs are state and/or federal mandates. The county share of funding is either mandated as a percentage of total program costs or as a fixed maintenance of effort. County share is comprised of a combination of local funding sources and revenue from the Social Services Realignment fund. The Social Services Realignment fund was created during the State Realignment process to offset local cost and is limited to use for designated social services programs. Changes to Social Services Realignment needs are as follows:

In aggregate, the HS Administrative Claim budget unit includes a net reduction in local cost of \$1.2 million. This decrease was included in the local cost targets presented by the County Administrative Office and approved by the Board. All local cost figures are estimates and are dependent upon final allocations from the state after the state budget has been passed. HS will closely manage changes arising from the state budget. Significant changes will be addressed in a mid-year budget adjustment, as needed.

HS programs that are not state/federal mandates do not generate state or federal revenue and are funded with county general funds through HS. While these programs provide services that benefit HS in general, their functions do not qualify for state or federal reimbursement. These programs and their general fund impact are detailed below:

Changes by department are as follows:

TRANSITIONAL ASSISTANCE DEPARTMENT (TAD)

STAFFING CHANGES

Overall TAD program funding in 2008-09 is expected to decrease approximately \$5.3 million, primarily as a result of the elimination of available CalWORKS Improvement Project rollover funds, exhaustion of available CalWORKS Incentive funds and a reduction in the Food Stamp Employment Training (FSET) allocation. As a result of this reduction in funding, TAD is decreasing staffing by a net 4.95 budgeted positions. This decrease includes a reduction of 0.5 Eligibility Worker II, 3.0 Employment Service Technician and an aggregate of 1.4 miscellaneous budgeted positions due to rounding.

PROGRAM CHANGES

Management of staff resources will allow TAD to maintain service levels and continue to meet mandated performance requirements despite the funding decreases. Changes in CalWORKS funding continues to force TAD to continue to streamline its methods of service delivery while increasing the Work Participation rate for recipients receiving CalWORKS benefits.

DEPARTMENT OF CHILDREN'S SERVICES (DCS)

STAFFING CHANGES

Although 2008-09 allocations are expected to decrease, staffing levels have been only slightly reduced in an effort to keep DCS in a position to respond if funding is restored in the state budget process. Therefore, DCS is reducing staffing by a net of 9.0 budgeted positions. This decrease includes a reduction of 2.0 Deputy County Counsel IV and 2.0 Executive Secretary II budgeted positions as a result of the movement of those positions to HS Administration and a reduction of 2.0 HSS Program Specialist I and 3.0 Community Advocate budgeted positions.

PROGRAM CHANGES

Although funding decreases are projected, program mandates require DCS to maintain a minimum level of services to clients. These services are provided in an effort to safeguard the well-being of children who reside within the county. Expenditures for services and hard goods are provided to clients in an effort to keep families intact. All such expenditures are directly charged to the Child Welfare Services allocation and will have no effect on other components of the HS Administrative Claim budget unit.

DEPARTMENT OF AGING AND ADULT SERVICES (DAAS)

STAFFING CHANGES

Funding for IHSS Administration and Adult Protective Services programs are expected to decrease approximately \$0.7 million. As a result of this decrease in funding, DAAS is decreasing staffing by a net of 5.5 budgeted positions. This decrease includes a reduction of 1.5 Office Assistant II, 1.0 Office Assistant III, 1.0 Social Service Practitioner, 1.0 Supervising Social Service Practitioner, and 1.0 Social Service Aide budgeted positions.

PROGRAM CHANGES

IHSS - Individual Provider costs. This is an entitlement program that provides personal and domestic services for aged, blind and disabled persons, enabling them to remain in their homes rather than be institutionalized. Paid hours to IHSS providers in 2008-09 are expected to increase 5.6% over 2007-08. Also paid hours in 2007-08 are projected to increase by 10% over 2006-07 actuals. Local funding is required for the county share of the IHSS Individual Provider wages and benefits, and the operating costs of the IHSS Public Authority. An additional \$3.3 million of local funding is necessary due to projected caseload growth in 2007-08.

SUPPORT DIVISIONS

STAFFING CHANGES

Stagnant funding trends in prior years have forced HS Support divisions to reduce staffing by approximately 21.0 positions since 2004-05. The continuing need to provide ongoing administrative services to all programs within HS supports the net addition of 10.9 budgeted positions in 2008-09. This net increase is detailed as follows:

- County Counsel - Increase of 2.0 Deputy County Counsel IV and 1.8 Executive Secretary II budgeted positions as a result of movement of County Counsel positions from DCS to HS Administration.
- Office of Homeless Assistance - Increase of 2.0 HSS Program Specialist I, 1.0 Supervising HSS Program Specialist, and 1.0 Office Assistant II due to the addition of the Office of Homeless Assistance.
- Miscellaneous increase of 3.1 budgeted positions due to rounding.

The following chart provides an overview of the funding sources and local share requirements for the programs that are budgeted in the HSS Administrative Claim budget:

Department of Children's Services: Percentage increase in foster youth graduating with a high school diploma or G.E.D.	3%	3%	18%	3%

Performance Measure 4: The Transitional Assistance Department Performance Measure #4, percentage increase in Food Stamp participation, increased by 31% rather than the projected 5%. Increases in the Food Stamp Program were significantly higher than anticipated, due in no small part to the overall economy. The availability of the Food Stamp Program to assist in meeting the needs of affected families, through the department's outreach efforts, also contributed to the increase.

Performance Measure 8: The Department of Children's Services Performance Measure #8, percentage of children exiting foster care with a high school diploma or equivalency, is greater than projected largely attributed to contracting with six Educational Liaisons whose primary responsibility is gathering foster youth credits for graduation. We are beginning to see a significant number of youth who would not have had the credits to graduate, get the credit for the work they have accomplished. In addition we hired four former foster youth during the past year as Public Service Employees, dedicating them to working with youth to better prepare them to exit the foster care system. Attention to their educational needs and requirements was stressed as a part of this effort and the greater than expected increase in the rate of youth exiting the system with a high school degree or it's equivalent one of the results.
